

TRAINING THE NATURAL WAY

PARENTS/GUARDIAN INFORMATION

You want the best for your son or daughter, you want them to be **happy, succeed, feel good** about themselves, **have a job, a career** and a **bright future** without a large debt. The apprenticeship allows young people to fulfil their potential via **earn and learn**.

MEAT will set challenging targets and encourage every candidate to take responsibilities for their behaviour and prepare them for assessments during their programme.

In return MEAT will provide the appropriate induction programme to meet their individual training needs that will be delivered by professionally qualified staff.

Whilst your son or daughter is on an apprenticeship, the employer pays their salary and supports them whilst they undertake training. The majority of the learners training is “on the job” within the workplace. The employer will be investing time and money into your son or daughters future.

MEAT have a safeguarding policy and procedures which all members of staff have to follow and adhere to. If you would like further information, advice, and guidance or if you have any concerns please do not hesitate to contact Elaine Wright.

MEAT lives by its motto “**professionalism, enthusiasm and pride**”
